SPARC REGISTRATION

Discovery Park has converted to a new registration and accounting software. The software also allows customers to register for certain courses through the Internet. Nature Kids Preschool will not be using the online registration feature, but once we have registered your child, you will be able to use SPARC to make payments. The SPARC website can be found by searching on the Seattle Parks and Recreation homepage at <http://www.seattle.gov/parks> and clicking on the SPARC link on Discovery Park's webpage: <http://egov1.seattle.gov/parks>

SPARC allows customers to register and pay for programs throughout the city. Even without an account you can see the different activities being offered by Seattle Parks and Recreation.

Please follow the directions on the website to see if you already have an account. You can check this by typing in your email address if it was entered on your account at the time of set up, or you can contact your local community center or pool to see if you are already in the database. If not in the database, request an account following the steps provided on the web site. New accounts are activated with 2 – 3 days of request.

Note: *If you have had any business transaction at any Seattle Parks facility (community center, pool, picnic reservation) in the last two years, you may already be in the system and we would prefer that you do not create a new account, but simply contact us to find out your Customer Barcode # and Personal Identification Number (PIN).*
